DETAILED ACTION

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 05/30/2006 has been entered.

Claim Objections

2. Claim 54 is objected to because of the following informalities: there is no period at the end of the claim. Appropriate correction is required. Claims 55-56 depend from claim 54 and are therefore objected under the same rationale.

3. Claim 97 is objected to because of the following informalities: the term 'is available' is repeated. Appropriate correction is required. Claims 98-129 depend from claim 97 and are therefore objected under the same rationale.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 9-15, 20-24, 56 and 144-185 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Art Unit: 2135

6. Claim 9 recites the limitation "the electronic book content". There is insufficient antecedent basis for this limitation in the claim. Appropriate correction is required. Claims 10-15 depend from claim 9, and are rejected under the same rationale.

7. Claim 20 recites the limitation "the first party and the second party". There is insufficient antecedent basis for this limitation in the claim. Appropriate correction is required.

8. Claim 21 recites the limitation "the first party and the second party... the encrypted transaction symmetric key". There is insufficient antecedent basis for this limitation in the claim. Appropriate correction is required.

9. Claim 22 recites the limitation "the symmetric key... the shared transaction symmetric key". There is insufficient antecedent basis for this limitation in the claim. Appropriate correction is required. Claims 23-24 depend from claim 22, and are rejected under the same rationale.

10. Claim 56 recites the limitation "the sending party". There is insufficient antecedent basis for this limitation in the claim. Appropriate correction is required.

11. Claim 144 recites the limitation "the text" and "the first through the subsequent encrypted...keys. There is insufficient antecedent basis for this limitation in the claim. Appropriate correction is required. Claims 145-185 depend from claim 144, and are rejected under the same rationale.

Allowable Subject Matter

12. Claims 1, 3-8, 16-18, 25-53 and 57 -96 are allowed in view of the terminal disclaimer filed on May 01, 2006.

13. Claims 9-15, 20-24, 54-56, 98-129 and 144-185 would be allowable if rewritten to overcome the 112 2nd rejections and/or claim objections indicated above in this office action.
